## First phase of Okanagan flood control project nears completion at Penticton

By VINCE DUGGAN

PENTICTON—First step in the massive plan to harness and control the lake and river system in the Okanagan, fed by tributaries and freshets and extending on a tortuous trail from the mouth of Okanagan river to its confluence with the Columbia river near Brewster, Wash., is near completion. It is known as section "A" of the overall Okanagan Flood Control Project.

Ernest Smith, divisional engineer in charge of the plan, explains that it actually begins at the intake channel, 1,200 feet from the shores of Lake Okanagan. Next step is Penticton dam, then the new channel to Skaha Lake, the Skaha Lake control dam and the new channel at Okanagan Falls.

Mr. Smith, who was brought back from retirement to supervise the job, said many people seemed to feel that because this section is nearing completion, the entire system will soon be under control.

"But that is incorrect," he pointed out. "This first phase is only about one-third of the job from here to the border, and there is also the American side as far as Brewster."

Mr. Smith estimates the entire project will be completed sometime in 1955. That will include section "A," a new channel from Okanagan Falls to Vaseaux Lake, for which tenders are being called next month; reconstruction of Oliver dam and a new channel to Osoyoos Lake. From this point at the border, American engineers take over and will complete the work to Brewster. When it is finished, Canada's contribution to the scheme will have cost well over \$3,000,000.

Reviewing the work now nearing completion, Mr. Smith said, "It starts at the intake channel 1200 feet from the shore of Okanagan Lake. Concrete Penticton dam is laid, including rock paving for 400 feet, is practically completed. fish ladders will be installed north of that site."

Which, in Mr. Smith's opinion is a wise decision, because, to successfully spawn, the fish need running water over a creek bed and many of the creeks are dry during spawning season.

FOLLOWS OLD BED

"The water still follows the old river bed, to a point near Eckhardt Avenue Bridge, where it is diverted into the new channel and on to Skaha Lake. At Okanagan Falls, approximately one-third of the new concrete dam has been constructed and three gates there are accommodating the full river flow. The concrete work is proceeding on the unfinished portion of the dam and good progress is being made."

Explaining construction of the new channels and dams, Mr. Smith said they are being designed to handle a much larger quantity of water than the amount which poured down the basin during the floods of 1948. And the primary object is to prevent flooding, and, at the same time, provide ample water for irrigation purposes throughout the year.

He referred to other work made necessary by the project, such as the construction of permanent bridges at Okanagan Falls, Skaha Lake, Fairview Road and Eckhardt Avenue, where steel structures replaced obsolete wooden bridges in each case.

With Lakeshore Drive now a dead-end road at the old channel, the eventual main through-thoroughfare in Penticton will be by way of Westminster Avenue, the engineer explained.

**REGULAR CONTROL**  
Some idea of the new Penticton dam's capacity is revealed by his comparison of figures. The old dam has a capacity of 1400 cubic feet per second while its successor will be able to handle 2100 cubic feet per second. And while the present dam is designed to control two feet of water, the new will have a regular control of four feet and emergency control of five feet.

"Of course," commented Mr. Smith, "you can't just let the water gush through and go merrily on its way. That is why the new channel between the two lakes has been realigned so that its contour shows only three curves. Quite a contrast from the snake-like river bed."

Normally, the procedure is to release as much water as is necessary from Lake Okanagan during the winter months to prepare for spring freshets, which usually reach a peak during the latter part of May. And the new operation will be much easier, according to the flood control chief.

He also explained that control will not be completely effective until the whole project is completed from here to the Columbia River, although once section "A" is done, Skaha Lake could provide some measure of relief if water of Okanagan Lake become unusually high.

**FISH DISPUTE**  
"Also remember," concluded Mr. Smith smilingly, "there was more than one problem to be ironed out at the forty-ninth parallel."

He was referring to fish and the long controversial dispute over the American request that ladders be installed which would allow the Columbia salmon free access to Lake Okanagan during the spawning season. The International Joint Commission finally ruled that Oliver dam is to be the northern terminus for their migration, and no

ladders are to be installed.

## Gov't takes steps to implement B.C. logging tax act

Persons engaged in logging operations since October 1, 1953, must notify the commissioner of income tax, Victoria, B.C., before November 30, otherwise they will be liable to a minimum fine of \$10 and not more than \$200.

Official notification to this effect was received from the B.C. government this week, which took steps to enforce the "Logging Tax Act." Application for registration forms should be made to the income tax department, Victoria.

Section five of the Logging Tax Act reads: "Every person who is engaged in logging operations in B.C. at the commencement of this act, or has been so engaged, shall notify the commissioner of the fact that he is or has been engaged in such operations and upon his discontinuance of such operation, shall notify the commissioner of such discontinuance."

"Every person who fails to comply with sub-section 1 shall be guilty of an offence against this act and liable, on summary conviction to a penalty of not less than \$10 and not more than \$200."

Deadline for mailing Christmas parcels to the United Kingdom is November 21, postal authorities stated today. Mail addressed to relatives and friends on the European continent must be sent before November 17.

Parcels and letters addressed to Canadian forces in the Orient must reach Vancouver not later than November 15.

Canadian farmers had a net income from farming operations in 1952 of \$1,949,900,000.

Council approves converting homes into apartments

Council has granted permission to owners of two homes to convert the structures into apartment houses.

Wilfred Colongard, 572 Elliott Avenue, finally got approval for making alterations to a house at 1836 Richter Street, and converting it from a rooming house to three apartment suites. Council deferred action until Mr. Colongard submitted alteration plans.

Application from Andrew T. Wood and Janet M. B. Wood for converting a structure at 2174 Pender Street into an apartment house, was also approved.

Ald. Dick Parkinson pointed out the reason for amending the city bylaw was to take care of large houses which are now too big for owners since members of the family have moved elsewhere.

"It is only right for council to debate each application on its own merits and to make sure the old houses are improved," he remarked.

## What many buildings are really made of...

When you look at any building in which life insurance dollars have been invested, you may see only bricks and mortar. But these buildings are really fashioned out of many different people's dreams.

What dreams? Perhaps a father's hope of sending his boy to college some day. Or a school teacher's goal of a trip to Europe. Or someone's plan to pay off a mortgage, buy a farm, or retire at 65.

Out of such dreams many different kinds of buildings are constructed all over the nation. Schools, stores, office buildings, homes, hotels, power plants, factories—these are some of the useful structures created with the aid of money which life insurance companies invest for their policyholders.

So, if you are a life insurance policyholder, remember... while you're working to make your dreams come true... while you're providing for your family's security... you're also helping to make Canada a better land to live in!

## "Ah Wilderness" production under way for KLT's first play of fall season

There is great hustle and bustle as the first play of the Kelowna Little Theatre's fall season is prepared for public performance on November 23 and 24.

"Ah Wilderness" has a large cast and once more a good percentage of the active members of the theatrical group have been called in to perform.

Frank Bishop, well-known high school teacher is directing the production that he has turned out. "Ah Wilderness" is sure to be a success. Mr. Bishop has directed the high school yearly dramatic productions, "Berkeley Square" and "The Whole Town's Talking" are the most recent. In the Kelowna Little Theatre's history, he was producer-director of "Ladies in Retirement" and "All My Sons."

#### ABLE ACTOR, TOO

Although Mr. Bishop will always be recognized as one of Kelowna's most able theatrical directors, his portrayal of "Eddie Fuesli" in "The Golden Boy" proved his ability as an actor as well. Although the role of "Fuesli"—the tough little Italian gangster—was not large Mr. Bishop made the audience sit up and listen.

If Mr. Bishop never steps into a role on stage again, he'll still be "Eddie Fuesli" to a lot of people.

Just to show what a trouper he is, and to remind again that no matter what, the show must go on, Mr. Bishop on two occasions has stepped

in at the last minute and taken over for people who were absent or sick. On one occasion he had 10 hours notice to learn a leading role.

Another time, he stepped in 10 minutes before curtain time and took a role in a festival production which was being adjudicated. It is firmly believed Mr. Bishop's theatrical spirit had a lot to do with the adjudicator's decision, as the play won the festival award.

#### O'NEILL'S ONLY COMEDY

Getting back to "Ah Wilderness," the first play of the Kelowna Little Theatre's 1953-54 season, when Mr. Bishop was asked what his opinions were on the play, he said, "The most severe drama critic is George Jean Nathan. In order to get a favorable criticism from this almost ruthless observer of drama a play must be good. 'Ah Wilderness' by Eugene O'Neill was given Mr. Nathan's most generous unreserved praise."

"The play is the only comedy of America's great playwright, O'Neill. Everything else he wrote was heavy and morose. This play is an amazing product from such a playwright. It is filled with humor and charming, nostalgic situations. Although, an adult comedy, it is a family comedy, a chronicle of everyday life and everyday situations."

#### MEMBERS OF CAST

Some of the members of the large cast will be Charles Patrick, Red Hughes, Alice Winsby, Gweneth Harvey, and former lady of the Lake, Faye Weeks, who makes her debut with the theatre group.

### Registered nurses' meeting at Vernon attended by fourteen Kelowna nurses

Sixty nurses from Kamloops, Vernon, Penticton and Kelowna attended the semi-annual meeting of the Kamloops-Okanagan District Registered Nurses Association of B.C. held Friday night at the Allison Hotel, Vernon.

Mrs. H. M. Trueman of Kelowna will head the association for another year, it was decided during election of officers. Two new councillors were appointed, Mrs. A. Breckenridge of Kelowna, and Miss Joan Russell of Vernon. Miss G. Rowles of Kamloops is the new second vice-president.

Fourteen women attended from Kelowna: Mrs. H.M. Trueman, Mrs. A. Breckenridge, Mrs. Mildred McFartridge, Mrs. Agnes Cornmark, Mrs. Alice Smith, Mrs. Isabel Corbett, Mrs. J. Mills, Miss Helen Wade, Miss Isobel Amos, Miss Sheila Fullerton, Miss Elizabeth Clark, Miss Wealthy Grigg and Miss Hattie Empey.

Miss Joan Appleton, R.N., of Penticton, main speaker of the evening told of her experiences at the Coronation and talked about public health nursing in England.

#### MENTALLY HANDICAPPED

In England Miss Appleton visited a school for the mentally handicapped and was most impressed with the work being done there. She said students were actually taught to read and write; that they were taught practical "problems" which they could use in every day life such as how to buy stamps at the post office, how to count and change money, how to shop for groceries.

Talking to one of the head teachers in the school, Miss Appleton was astounded to learn that the teacher had herself started life as a mentally handicapped person. Miss Appleton told an interesting

## PLEAD FOR MONEY FOR KIDDIE FILMS

The Kelowna Film Council has issued a plea for donations to contribute to the purchase of comic films for children.

According to Mrs. H. V. Acland, executive of the council, there is a shortage of comic subjects which appeal to children between the ages of three and eight.

This shortage is particularly felt at Christmas time when various organizations arrange children's parties.

Mrs. Acland's plan is to ask service clubs for donations of \$10 each, which is the purchase price of one film. Any private persons wishing to buy a film may do so through the Film Council.

The council would store such films for the owners, and when requested would send a trained operator to project them.

The Film Council has been fortunate to hear of a group of second-hand films, each 10-minute comic reels, which they may buy for from \$8.50 to \$10 each.

Donations and requests should be in by November 15 if the films are to be here by Christmas.

## Star lacrosse player claims bride at St. Theresa's Church, Rutland

A pretty wedding was solemnized October 26 in St. Theresa's Catholic Church, Rutland, when Helen Magdalena, daughter of Mr. and Mrs. Bernard Heitzman, Rutland, became the bride of Reginald John, son of Mr. and Mrs. Angelo Martin, K.L.O. Road.

Rev. Father McCarthy officiated at the service.

The groom is a well-known lacrosse player who has starred with the Kelowna Bruins for many years. In 1951 and 1952 he assisted the team in winning the British Columbia championship and the Pat Hartney Memorial Trophy.

Given in marriage by her father, the bride was a lovely picture in her white, ballerina length, strapless gown with chantilly lace jacket and a lace apron of tulle. She wore a matching lace coronet with fingertip veil and carried an ivory white prayer book with a cascading bouquet of white gladioli and pink roses. Her only jewelry was a pair of rhinestone earrings, gift of the groom.

She was attended by Mrs. Don Fleming, sister of the groom, as bridesmaid and Miss Mary Heitzman, her cousin, as maid of honor.

**HONEYMOON IN U.S.**  
Mrs. Fleming chose a shrill-colored frock and Miss Heitzman wore a blue and white striped dress with a similar style. Their jackets, shoes and headresses matched the color of their dresses. They carried yellow and bronze chrysanthemums.

Best man was Albert Bianco and ushers were Don Fleming, Steve Heitzman and Albert Daniels.

The bride's mother and the groom's mother assisted in receiving guests at the reception held at St. Joseph's Hall, Kelowna, for about 75 guests.

Mrs. Heitzman chose a green costume with rust accessories and bronze chrysanthemums while Mrs. Martin wore a brown dress, hat and accessories and a corsage of yellow chrysanthemums.

Mr. Fred Westen proposed the toast to the bride.

For honeymoon to the United States and the Kootenays, the bride changed into a navy wool gabardine suit with navy and white accessories. She wore a pink rosebud corsage.

The newlyweds will make their home in the Mission Creek district.

## ROUNDABOUT

By EILEEN LEAROLD

### Cows should turn purple

Most people are frightened of something. A fear of water perhaps, fear of falling, of suffocating, fear of flying in a plane, fear of crowds, or fear of speed.

I am afraid of cows.

The sight of a cow in a field makes my knees tremble, stops my breath and turns my blood to limp lymph. Even a fence around a cow doesn't help, because I know if the cow wants to it will leap over and devour me in a gulp.

I have never really believed in the domestication of the cow. To me it is an enormous wild brute, bigger than the Bank of Montreal, capable of roaring like a lion, with teeth as sharp as a shark.

The biggest blow of my life came when I learned milk comes from these monsters. I was 10 years old at the time and swore off milk immediately.

But away from the by-products, and back to the cow itself.

My first experience with cows was on an Ontario farm where our family was on what I laughingly call a holiday. A child called Lorraine and I were sent to the pasture to bring in the cows. Once there Lorraine vanished into a thicket in search of the animals while I stayed in the open to wait.

I noticed a picnic table with a big white block on it, so I at once climbed onto the table and onto the big block.

In no time at all I was ringed by cows, all glaring, mooing and kicking my feet and legs. I later found they were only after the large lump of salt I was standing on, but at the time I merely closed my eyes and prayed they would eat me quickly so that it wouldn't hurt too much.

That experience ruined cows for me, and me for cows.

Cows know I do not like them, and in turn they do not care for me.

Even calves don't like me. In Cornwall, England, I have a cousin who keeps a few pedigree Ayrshires around. She calls it dabbling in stock. When I heard of the Ayrshires (they have horns as big as elephant tusks) I almost went home on the spot.

One day I worked up the courage to visit a field with two or three calves in it. They gambled around like lambs and I felt sufficiently at ease to take a wary interest in the flowers. I had just stopped to pick a blue bell when WEAM! I was kicked flat on my face. It was little Chloë, the sweetest calf of all who had saluted me with her hind feet.

It had never been a love affair, but there and then any regard I might have worked up for calves was gutted like a candle that has just had Niagara Falls poured over it.

One other sight in Cornwall confirmed my feelings for cows.

My cousin and I were walking around the grounds, leisurely, aiming for a place her children called the "fairy wood." This was an incredible sight, 20 acres of rhododendron trees in full bloom—they grew so tall an adult could walk under them only having to stoop occasionally. Her home was a sixteenth century manor house near the sea-

coast and I've never asked her but I'm sure those "trees" were nearly as old as the house.

Beyond the fairy wood, was the "shooting wood" and fitted in somewhere was a pasture enclosure for heifers. As we were on our walk the heifers broke out of the pen and galloped to the enclosure the cows were in. The cows also broke out and there in the twilight issued the most primitive beast-battle I've ever seen. Mother bent on murdering daughter.

I saw only the beginning of it and took to my heels, sure the whole thundering herd was not behind me.

And that is why I live in the city—out of sound of moo and bellow. TO HECK WITH COWS!

Proof that it's the boys with good field dogs who are making the kills of upland game birds was given last week by two Victoria nimrods. Using two "very good dogs" (that's the way Game Warden Don Ellis described them), the unidentified hunters had their season's limit of 10 pheasants each by Wednesday—the fifth day of the season. Daily limit is two.

Ellis said these two hunters with the same dogs, got their limit in the Kelowna district last year in short order, too.

### Shake-up looming as Packers drop 3 contests in 3 nights

**V's stretch gap to three points;  
Laface outstanding again**

Penticton 3, Kelowna 2

Like many other qualified observers, Phil Hergesheimer is convinced the Kelowna Packers "can beat Penticton anytime—if the Warwicks are tied up."

Well, the Warwicks weren't tied up here Saturday—nor were they the night before. As a result, Penticton chalked up two victories over Kelowna in as many nights, in the first case taking over second place in the OSHL from Kelowna and in the Saturday game consolidating their newly-gained position.

V's 3-2 triumph here Saturday did three things at least:

(1) The victory gave the V's a three-point margin over the Packers and cut the gap between them and the front-running Vernon Canadians to one game. (Vernon lost 4-2 at Kamloops the same night.)

(2) The win for Penticton set a season's record of losses for Kelowna. It was the Packers' third loss in a row—also their third loss in three nights (and in one week).

(3) The Penticton conquest re-activated "shake-up" plans for the Packers and efforts to plug admitted weaknesses are being intensified. The "ax" is hovering over three players, the blow to be struck and replacements come in anytime between now and the next two weeks.

**TWO FOR BILL**  
Scrappy Bill Warwick, who has proven countless times he can give and take in any kind of hockey, shook loose to score two important goals—the first one and the third, which proved to be the winner.

Warwick's first counter, a slider that caromed off Don Johnston's skate past Al Laface, served to make shambles of any concerted effort the disorganized Packers were able to muster.

Penticton's next two goals were just as much the fault of the Packers as a tribute to the scoring ability of the V's. Many of the Hergesheimer had only one gear—forward—and of these only a few produced enough "revs" to reach high.

Hergesheimer finally got his machine perking but he had to do it by example, coming up with a brilliant puck-carrying display to put the biscuit right on Bruce Lea's stick for Kelowna's first goal, trimming the score to 3-1.

**SCORELESS CANTO**

The rally lasted for some time, stimulated by a second goal two minutes later, scored this time by Frank Hoskins on some heady combination by Don Johnston.

But that was fine as far as the goalkeepers were concerned. From 12:21 of the second period until the final clang, snipers on both sides beat at the walls of Al Laface's and Ivan McLellan's citadels in vain.

Hergesheimer pulled Laface in the final half minute but though they had the V's badly bottled in their own end, the Packers were unable to get a good shot on goal. A melee almost broke out at the green light as Herges and George McAvoy started shoving.

**MAJOR PENALTIES**

Similar skirmishes lived the encounter but only in one instance was there an actual fight, and it

### Third period rally gives Canucks win

Kelowna 5, Vernon 8.

Special To The Kelowna Courier.

**VERNON**—Showing power to spare again in the third period, the Vernon Canadians bopped Kelowna Packers 8-5 here Thursday night to boost their OSHL lead over Kelowna to five points. The fast encounter saw the homesters outshoot Packers 24-22.

Newcomer Bing Jukes registered the season's third hat-trick for Vernon in his second appearance in Canadian garb and in his debut before the home crowd. Johnny Harms scored a pair while singles went to Don Jakes, Dick Butler and Bill Geary.

Hoskins, Jim Middleton, Paul Brabant, Don Culley and Bill Maslanko scored for Kelowna. The Canadians spotted the visitors a 2-1 lead in the first and twice took the lead in the second only to have the Packers draw abreast at 4-4 by the end of the period.

Goals by Butler and Jukes gave the Agamemnon lead for keeps by the halfway mark in the third and although the Packers made it 6-5 at 15:34, Jukes completed his hat-trick 11 seconds later to clinch it and Harms added the insurance tally a minute later.

Several goals for both sides were of the weird, screened variety with Tom Steyck actually netting the final Kelowna marker while attempting to clear. Vernon outshot the visitors 24-22.

**First period**—1, Vernon, Geary (Butler); 2, Kelowna, Hoskins (Maslanko); 3, Kelowna, Middleton (Maslanko); Hergesheimer; 17:15. Penalties—Hoskins, Butler.

**Second period**—4, Vernon, Jakes; 5, 5, Vernon, Harms, (Geary, Lu- (Butler); 6, Kelowna, Culley (Durban); 11:49; 7, Vernon, Jukes (Jakes, Geary); 13:21; 8, Kelowna, Brabant (Hanson); 16:54. Penalties—Carlson, Jukes, Bohunicky, Lea, Harms (misconduct).

**Third period**—9, Vernon, Butler (Miller); 8:47; 10, Vernon, Jukes (Agar, Steyck); 11, Kelowna, Maslanko; 15:34; 12, Vernon, Jukes (Agar); 15:45; 13, Vernon, Harms (Jakes, Lucchini); 16:26. Penalty—Carlson.

### V's make sure Penticton jinx still on for Packers

Kelowna 3, Penticton 6

(Special To The Kelowna Courier)

**PENTICTON**—Penticton V's confounded the experts as Grant Warwick's puck-chasers came thundering back from two straight setbacks to squash Kelowna Packers 6-3 here Friday. Saddled with injuries that kept Jack McIntyre and Angelo Defelice on the sidelines, it looked as if Packers might break their winless jinx on Penticton ice that has stood pat for more than a season.

But the V's plunged into this all-important game for possession of second place in the OSHL with an all-new fighting spirit that edged the visitors 1-0 in the first period and 1-1 by the end of the second. Grant and Bill Warwick, Don Berry, Doug Kilburn, George McAvoy and Ron Montgomery were the Penticton Marksmen.

Frank Hoskins, Mike Durban and Bo Carlson counted for the Packers. **TEMPERS HOT**

It was all close-checking, smash-bang hockey during the first frame and the usual hot-tempered flare-ups between these two clubs nearly provoked a donnybrook on more than one occasion.

Gus Bohunicky and Dick Warwick tangled; Don Culley had George McAvoy labelled for a poke in the snout all evening and although they came to grips, McAvoy was satisfied to just play hockey.

The V's, as is often the case, took the long side of penalty time, serving on 10 charges to Packers' six. Penticton carried the fight to the visitors through the second and third frames and in the final analysis, outshot the Packers 27-23.

**First period**—1, Penticton, B. Warwick (G. Warwick); 15:40. Penalties—B. Warwick; 16:30. 0, Carlson, Berry, D. Warwick, Bohunicky.

**Second period**—2, Penticton, B. Warwick (G. Warwick); 2:01; 3, Kelowna, Hoskins; 3:48; 4, Penticton, Berry; 10:37. Penalties—Hanson, McLellan, Berry, G. McAvoy, Culley.

**Third period**—5, Penticton, Kilburn (Brabant); 6:00; 6, Penticton, G. McAvoy (G. Warwick); 11:40; 7, Kelowna, Durban, (Culley, Lea); 13:40; 8, Penticton, Montgomery (D. Warwick); 16:30. 0, Kelowna, Carlson (Durban, Culley); 18:32. Penalties—Berry, Montgomery, Maslanko, Bohunicky, B. McAvoy.

## A salute to a pumpkin

By BOB O'BOYLE

Saturday night the pumpkins had their brief and shining hour... Like Cinderella, they got away from it all for a short time... No longer were they merely vegetables that grew in a garden... They put on their glad rags and brightened every town in America... They became magic smiling faces that illuminated front windows... Next day they became pies, but they didn't mind... They at least died happy; they had lived for a little while... And that means a lot.

How would you like to be a potato? Or an onion? Or a carrot? Or a rutabaga? Or a radish? And never once escape your environment? Live all your life in the shade of a pumpkin? Know that you're never going to be asked out on a party? Have only a pot of boiling water to look forward to? Much better to be made into a pie than a stew, too.

Pumpkin's big night must have loomed large in other vegetables' eyes... Like a three-year cruise around the world... Or winning an Irish sweepstake... Or inheriting a huge fortune... Pumpkin was there for all the fun and frolicking... The only other one that saw it with him was the apple... And he had a wet time of it and sometimes got bitten... While Old Man Pumpkin glowed with an inner warmth.

He even saw his brothers and sister in other windows... Just as dazzlingly happy as he was about the whole show... Happily serving the purpose for which they were born... Making humans a little happier for a little while... And making them smile a bit more than usual... So farewell to thee, blithe pumpkin! Your act went over big!

## Letters to the Editor

The Editor, The Kelowna Courier.  
Dear Sir—I would like to congratulate members of the A.O.T.S. of the United Church, for the banquet which they put on at their hall last Friday evening. It was truly wonderful, as were the decorations of flowers and fruit.

I also enjoyed the quartette. They were splendid. The solo by Mr. Tiny Walrod, who chose "The Holy City," was truly beautiful. I can't remember when I heard it rendered so.

So congratulations, men, and keep up the good work!  
J. C. Atty, Princeton.

## Night school classes open Wednesday

G. C. Hume, school board chairman, announces that night school classes sponsored by Kelowna School District No. 23 will start in the Kelowna Senior High School building Wednesday. The same classes which have proven popular during the past few years will again be conducted.

Woodwork classes will have Fred Hadfield as instructor and members of the class can make projects of their own choice. Table lamps, desks, book cases, trays and many other items of furniture have been made by these classes. Mrs. Frances Iddins will teach sewing, and here again students will have an opportunity to make practical articles from fabrics of their own choosing.

The classes in citizenship and basic English will continue this year with J. M. Barre in charge. During the past four years over 200 adult students have availed themselves of the opportunity of studying the English language and learning about Canadian affairs. All those who did not already have their citizenship papers have applied for, or have received them. Several students have attended for the sole purpose of improving their knowledge of the English language.

This course will cover Canadian history, geography and government, with special emphasis on the correct uses of the English language. Corrective exercises for better English pronunciation, as well as basic English grammar will form part of both courses. "We are out to sell Canadian democracy to all Canadians, especially to our new Canadian friends," a school official stated.

The course in farm mechanics, with W. H. Creese as instructor, will again offer instruction in welding, basic metal work and metal working machines.

## Peachland P-TA may sponsor Wolf Cub pack

PEACHLAND — The regular meeting of the Peachland P-TA was held in the Municipal hall Monday night. Plans for the Halloween party were concluded. Teen Town had offered to assist in party plans.

A report of the newly-formed Guide organization was given. A discussion on sponsoring a Wolf Cub Pack was tabled pending further investigation, though it was felt the need for such a group was required.

R. C. Gore, president of the Kelowna and District Society for the Mentally Handicapped, was present and told the meeting of the operations to date of this organization.

A. S. Matheson, school inspector for School District No. 23, addressed the meeting on report cards. This proved both educational and enjoyable. Refreshments were served by hostesses, Mrs. S. Dell and Mrs. F. Topham, Jr.

## Owls squeeze win in hoop opener

High school basketball got off to a rousing start at Vernon Monday night with the Golden Bears squeezing out a 60-58 overtime win over Vernon in a senior "A" exhibition feature.

The companies, as a group, are actively interested in good legislation for highway safety and the sound enforcement of such laws. Many provinces have developed their highway enactments along lines suggested by the insurance companies.

The companies also distribute pamphlets, movies and other forms of public education material in addition to financing accident prevention advertisements.

As individual companies, they compete strongly for your business, but they work together on safety and accident prevention. —Advt.
